*More partials
are processed
today with
NOBILIUM
than any

known to
dentistry*

Constant research by Nobilium in materials, equipment and methods of processing restorations *keeps Nobilium out in front!* A continuing program of research and development makes it possible for your preferred dental laboratory to provide better Nobilium partials for your patients — better today than yesterday, better tomorrow than today. Through these efforts you can expect Nobilium cases that are more accurate than ever before, more functionally perfect in masticating foods, more comfortable at all times, more natural in mouth-feeling and esthetics, more serviceable over longer periods of time. For the most satisfying partials made today entrust your processing to your preferred laboratory and specify "Nobilium."

IT'S LATER THAN YOU THINK!

CDS Members Urged To Make San Francisco Air Transportation And Dream Cruise Reservations Immediately

It is difficult for one to realize the importance of early reservations for transportation to the ADA convention in October and the post-convention Air Dream Cruises. Yet many have already experienced difficulty in procuring San Francisco Hotel reservations. And very few have made transportation plans to date.

As a service to CDS members and guests, the Air Dream Cruise Committee has blocked space on choice tourist flights to and from San Francisco not only to insure conventioners of air space but also to enable them to enjoy traveling as a group. Air space is limited and therefore members are requested to make their reservations early (even though tentative). First class flights are available upon request. Your committee also wishes to point out that for those who can afford the time, the CDS Rail Tour will offer the maximum of enjoyment and congenial companionship.

Below is a listing of schedules of the flights set aside for convention bound society members. The cost of these flights round trip is \$152.00 plus \$15.20 tax.

October 15:

Leave Chicago	1:10 p.m.	United Air Lines

Air Dream Cruise Proving Popular

The committee is happy to report that reservations for the Cruises have been gratifying. Additional reservations are still available although the deadline is fast approaching. The popular Aloha Week pageants along with the Pan-Pacific entertainment programs promise to make this the most outstanding of all CDS post-convention tours.
